ABSOLUTE BOOMER

BOOM AND SPRAY CLEANER

58 g/L Available Chlorine 160 g/L sodium hydroxide

DESCRIPTION

ABSOLUTE BOOMER is a chlorinated alkali based detergent formulated for the cleaning and decontamination of all agricultural spraying equipment.

BENEFITS

- * Chlorinated alkali based detergent cleaners are extremely more efficient & stable than just chlorine boom cleaners !
- * Chlorine stabilizers
- * Dissolves all residues
- * Lubricates pumps
- * Low foaming
- * Hard water softeners
- * Prevents corrosion
- * Cleans and disinfects
- * Safe to use on most metal and plastic parts

DIRECTIONS

BOOM SPRAYS TANKS, MISTERS AND ASSOCIATED EQUIPMENT

1. Drain residue from tank, flush all equipment with clean water for a minimum of 10 mins. Refill tank with clean water to the required level, then add 1 litre **ABSOLUTE BOOMER** per 100 litres of water. Flush through boom and hoses allow to stand for a minimum of 15 mins, with agitation engaged. Ensure a minimum of 10 litres flushes through each nozzle.
2. To decontaminate hard to clean residues, mix 3 litres **ABSOLUTE BOOMER** per 100 litres of water and follow the above instructions.

IMPORTANT

This information has been reproduced from the product label and is a guide only. Always read the product label on the container for all instructions, recommendations, critical comments and conditions of sale.

Ensure that flushing of equipment is carried out in a suitable area where damage to susceptible crops and run off is unlikely. Higher rates than recommended may be necessary for thorough decontamination.

HEALTH AND SAFETY INFORMATION

See separate Material Safety Data Sheet available upon request.

The Product Information Sheet supersedes all previous issues for this product. Information contained herein is offered in good faith as being true and accurate to the best of our knowledge, but as the conditions of use are beyond our control, no guarantees are either stated or implied.

Where health or safety data given discloses a risk to the user or the environment, it is the responsibility of the purchaser to pass on the information to employees who may be using the product, ensuring that adequate safety procedures are used, including good industrial hygiene.
