

SYKES VET INTERNATIONAL PTY LTD

PRODUCT INFORMATION

SINCE 1897

CET-A-SAL

THE PRODUCT

A white, non greasy and odourless cream containing powerful antibacterial agents for the treatment and control of infections in superficial wounds, burns, cuts and sores. Cet-a-Sal helps in the prevention and spread of mastitis and can act as an antiseptic lubricant during birth due to its emollient base. It also has the benefit of not tainting milk nor affect teat cup liners.

COMPOSITION

The active ingredients are:

- Cetrimide 5g/kg
- Chlorhexidine Gluconate 1g/kg
- An emollient base.
