EDGE

INDUSTRIAL HEAVY DUTY LAUNDRY DETERGENT

DESCRIPTION

EDGE is a clear blue liquid with a pleasant herbal fragrance which has been specifically formulated for use as a laundry liquid in an industrial situation.

EDGE:

EDGE has been formulated for removing heavy industrial soils in an commercial laundry. EDGE should be used in conjunction with our liquid alkali detergent BOOST for laundering of heavily soiled garments

BENEFITS OF USING EDGE

- Edge enhances the washing activity and effectiveness of alkaline detergents such as BOOST.
- The sequestering compounds contained in EDGE ensure thorough penetration of fabrics and excellent grease and soil scavenging in hard water areas.
- Ideally suited to automatic liquid dispensing systems.
- Use of EDGE will prevent any scale build up in washing machines.
- EDGE is suitable for use in hot or cold water.
- Optimised optical brightener levels to ensure maximum whiteness.

The Product Information Sheet supersedes all previous issues for this product. Information contained herein is offered in good faith as being true and accurate to the best of our knowledge, but as the conditions of use are beyond our control, no guarantees are either stated or implied.

Where health or safety data given discloses a risk to the user or the environment, it is the responsibility of the purchaser to pass on the information to employees who may be using the product, ensuring that adequate safety procedures are used, including good industrial hygiene.
