### **GOLD RUSH**

#### LIQUID GENERAL PURPOSE DETERGENT

#### **DESCRIPTION**

- GOLD RUSH is a concentrated neutral liquid detergent for use in a wide variety of manual cleaning operations.
- GOLD RUSH is a clear yellow unperfumed liquid.
- GOLD RUSH has been formulated to be highly cost effective in use.
- GOLD RUSH can be used through foam systems.

#### **APPLICATION**

GOLD RUSH has a wide variety of uses including hand dishwashing operations in all institutional areas such as hospitals, food service, and food processing plants.

The highly active biodegradable synthetic wetting agents in GOLD RUSH ensure that the toughest soils and grease are removed to leave surfaces sparkling clean.

#### **BENEFITS**

- Phosphate free formulation to protect the environment.
- Highly concentrated to ensure economy in use.
- Neutral pH ensuring GOLD RUSH is safe to use on all surfaces including aluminium.
- Free rinsing and self draining leaving surfaces streak free, water spot free and sparkling clean.
- Mild on hands.
- Penetrates soil quickly and rapidly emulsifies all food soils and grime.
- Contains inorganic sequestrants to give optimum performance in either soft or hard water.

#### **DIRECTIONS FOR USE**

As a hand dishwashing liquid use at the rate of 5ml – 10ml per litre of hot water.

For foaming use at the rate of 15ml – 25ml per litre of hot water.

As a general purpose cleaner for washing cars, paintwork and floors, use rate will vary from 5ml to 20 ml/litre dependent upon the type and amount of soil to be removed.

The Product Information Sheet supersedes all previous issues for this product. Information contained herein is offered in good faith as being true and accurate to the best of our knowledge, but as the conditions of use are beyond our control, no guarantees are either stated or implied.

Where health or safety data given discloses a risk to the user or the environment, it is the responsibility of the purchaser to pass on the information to employees who may be using the product, ensuring that adequate safety procedures are used, including good industrial hygiene.
