### LUBE GEL OBSTETRICAL LUBRICANT

#### DESCRIPTION:

LUBE GEL is a highly viscous blue gel combining exceptional lubricating properties with a highly efficient antibacterial agent. It also contains moisturising agents to minimise any skin irritations.

#### APPLICATIONS:

LUBE GEL has been specifically formulated for use as a lubricating aid in pregnancy testing, calving and other manipulations.

#### FEATURES:

- Highly viscous
- pH balanced
- Antibacterial
- Excellent lubricating and moisturising properties
- Distinctive blue colour
- Available in 5lt pump pack
  
- Water based

#### BENEFITS:

- Ensures economy of use
- Mild on the skin
- Prevents cross infections
- Prevents drying and maintains skin in supple condition
- Ease of identification on the skin
- Reduces cross contamination in the product.
- Washes out in water with no harmful residues

#### DIRECTIONS FOR USE:

LUBE GEL is used as received.

5lt container: Push down on pump nozzle to obtain required amount. If pump becomes blocked, remove and rinse with warm water.

Other containers: Pour out required amount, replace cap after use to prevent contamination of the product.

#### HEALTH & SAFETY INFORMATION:

Refer separate Material Safety Data Sheet.

#### PACKAGING:

★2.5lt Poly Bottle ★5lt Pump Pack ★20lt Plastic Drum ★200lt Plastic Drum

The Product Information Sheet supersedes all previous issues for this product. Information contained herein is offered in good faith as being true and accurate to the best of our knowledge, but as the conditions of use are beyond our control, no guarantees are either stated or implied.

Where health or safety data given discloses a risk to the user or the environment, it is the responsibility of the purchaser to pass on the information to employees who may be using the product, ensuring that adequate safety procedures are used, including good industrial hygiene.
